

19-21/05/2009 Tel Aviv
The 1st International Mediterranean Nutrition & Metabolism Congress
And The 7th Preventive Nutrition Unified Forces Israel Congress

March 4, 2009

Dear Colleagues,

These days I am at the end of the preparations towards the **1st International Mediterranean Nutrition & Metabolism Congress and the 7th Preventive Nutrition Unified Forces Congress** which is going to take place this coming spring, on May 19-21.

Because this will be the first time internationally in the form, I have found fit to contact you. As the chairwoman I have decided to write you about this event that unifies all the groups and institutions working for an improvement of Nutrition in the area.

The success of this congress is related to the quality and the diversity of the lectures given by more than 140 speakers coming from different countries (USA, France, Switzerland, The Netherlands, Italy, Spain, Greece, Croatia, Turkey, and Israel). Eleven workshops will open the congress for smaller groups and include four teaching sessions affiliated to ESPEN (LLL program), shared experience on the field of therapeutic education.

Please visit our website nutrition.fairs.co.il. Updates of the full program will be added within a few days.

We will be very thankful if you would help us pass the information about the Congress, so it can reach the relevant professionals that are members of the AODA.

In this opportunity and as a member of the AODA, I would like to thank you for your important activity and also for your special annual conferences.

I hope you will be able to help us promote our congress,

Yours Sincerely,

Ruth Moshe, RD

Chairwoman of the congress.
